[Inquiry](#)

Manufacturer: [Microchip Technology, Inc](#)

Package/Case: CASON-8

Product Type: Programmable Logic ICs

RoHS: RoHS Compliant/Lead free 

Lifecycle: Active

General Description

Microchip 4-Mb in-system programmable configuration PROM provides easy-to-use, cost-effective configuration memory for FPGAs. This device comes in 8-lead LAP or 20-lead PLCC packages. This PROM uses a simple serial-access procedure to configure one or more FPGA devices. It can be programmed with industry-standard programmers, the Microchip ATDH2200E programming kit, or the Microchip ATDH2225 ISP Cable.
